

PRIVACY POLICY

Introduction

The purpose of this Privacy Policy is to provide you with an overview of the types of data that NOVA Chemicals Corporation and its affiliates may maintain as a result of your use of the Website and how it may or may not be utilized by NOVA Chemicals. We at NOVA Chemicals are aware that the security of your private information from the use of our Website is an important concern and we want to do everything possible to assure you that all such information collected during your use of the Website will be kept private and confidential. Please understand that this Policy may be updated from time to time and is subject to the Conditions of Use of the Website. NOVA Chemicals is fully committed to maintaining the privacy and security of the information of all visitors to the Site. You should understand that as part of this commitment, you are not obligated to reveal any information about yourself, including your email address or any other information when visiting our Site.

Collection of Information

Our Website can be utilized without the disclosure of any personal information, and you are not required to provide personal information as a condition for using the Site, except as may be necessary to provide you a product or service at your request. Our web server may collect such information as name, address, IP address, domain, type and version of browser and operating system, and the website you came from and visit next. This information may be used by NOVA Chemicals and our business partners to measure the number of visits, average time spent, page views and other statistics about visitors to this Site in general. We may also use this data for performance and tracking purposes.

The collection of personal data only occurs when you provide it to us, through registration, completion of forms or emails, as part of an order for products or services, inquiries or requests about materials being ordered and similar situations in which you have chosen to provide such information. Such personal information will be used only by NOVA Chemicals or our agents and will not be passed on by NOVA Chemicals or our agents for use by third parties in any form whatsoever, unless we have obtained your consent or are legally required to do so. We will retain control over any such information, and such data may be stored on or processed on servers located in jurisdictions where data protection laws may differ from those of Canada and the United States. NOVA Chemicals will ensure that appropriate protections are in place to require the data processor in such jurisdiction to maintain protections on the data that are equivalent to those that apply in Canada or the United States.

We may use "cookies" or "scripts" to collect any of the information described above. You may adjust your Internet Browser to disable the use of cookies and scripts. However, if you do so, some functions of the Site may not be available without the use of such cookies or scripts.

Right of Access/Correction/Cancellation

NOVA Chemicals hereby provides that you have the right to review and amend any personal information that is collected and stored as a result of your use of the Site if you believe such information is incorrect or out of date. You can do so, by sending an email to the address given in the contact information portion of the Site. You also have the right at any time to withdraw your consent to the use of your personal information in the future by sending an email to the same address.

Third Party Sites

This Site may contain links to other websites, including those of our business partners, vendors and advertisers. While we try to link only to sites that believe in and have incorporated similar standards for the protection of your personal information and respect for privacy, you should be aware and by using this site you agree that NOVA Chemicals is not responsible for the content of, or the privacy practices employed by any of the third party sites for which links are provided or referenced.
